

To: Honorable Mayor and City Council Members

From: Wendell K. Willard

Date: For Submission on the September 20, 2016 City Council Meeting Agenda

Item: City of Sandy Springs as applicant for a re-zoning application relating to the property known as Peachtree Manor Subdivision (parcel no: 017-021-04-012)

City Attorney's Recommendation:

The City Attorney's Office recommends that the Council approve the attached resolution authorizing the City to make a re-zoning application relating to the above-referenced Property.

Background and Discussion:

Prior to the formation of the City of Sandy Springs, the above referenced parcel which is located along Peachtree Dunwoody Road and known as Peachtree Manor Subdivision ("Property"), made an application to Fulton County and was granted a zoning classification as a TR District Subdivision¹.

The plat presented to Fulton County in 2005 included a total area of 2.3152 acres, a maximum of 12 residential units to be built in the future, the existence of a private road, certain exclusive land uses for the projected units, landscape easement as to the entrance wall, minimum requirements for lot size, minimum interior and perimeter setbacks². The 2005 plat; however, did not include a delineation of the separate lots or common areas. This has created questions as to title and ownership rights of the current, and future, owners within the Property.

The current owners within the Property have prepared and unanimously approved a revised plat which they wish to have recorded. The revised plat includes scores of variances which must be considered in order to comply with the City's Subdivision Guidelines and Zoning Ordinances.

It is the opinion of the City's staff that the best approach to resolving the approval and acceptance of a revised plat, along with the required variances, would be a re-zoning of the Property with the variances as granted. The City's staff also recognizes that the 2005 plat should have been better scrutinized prior to approval and the current owners have already expended ample sums and are anticipating additional expenditures to finalize and record the revised plat.

¹ Fulton County case number 2001Z-0116

² Final Plat For Peachtree Manor S/D, dated June 6, 2005, recorded in Plat Book 274, Pages 54-56 of the Fulton County Records.

Therefore, as a means of assisting the current owners within the Property and minimizing the cost associated with a re-zoning, we recommend that the Re-Zoning Application be initiated in the name of the City.

WHEREAS, certain property located along Peachtree Dunwoody Road identified as Parcel no: 017-021-04-012 and known as Peachtree Manor Subdivision (“Property”) is located within the limits of the City of Sandy Springs, Georgia (“City”); and,

WHEREAS, prior to the formation of the City, Fulton County, Georgia did approve a zoning application (case number 2001Z-0116) for the Property to be zoned as a TR District Subdivision; and,

WHEREAS, on June 6, 2005 a Plat for the Property, entitled Final Plat For Peachtree Manor S/D, as approved by Fulton County was recorded in Plat Book 274, Pages 54-56 of the Fulton County Records (“2005 Plat”); and,

WHEREAS, the 2005 Plat included a total area of 2.3152 acres, a maximum of 12 residential units to be built in the future, the existence of a private road, certain exclusive land uses for the projected units, landscape easement as to the entrance wall, minimum requirements for lot size, minimum interior and perimeter setbacks; and,

WHEREAS, the 2005 Plat did not include a delineation of the separate lots which creates questions as to title and ownership rights of the current and future owners within the Property; and,

WHEREAS, the current owners within the Property have prepared and unanimously approved a revised Plat which they wish to have recorded (“2014 Plat”); and,

WHEREAS, the 2014 Plat includes numerous variances in order to comply with the City’s Subdivision Guidelines and Zoning Ordinances; and,

WHEREAS, it is the opinion of the City’s staff that the best approach to resolving the approval and acceptance of the 2014 Plat, along with the required variances, is to have a re-zoning of the Property with the variances as granted; and,

WHEREAS, as a means of minimizing the cost associated with a re-zoning, and to assist the current owners within the Property, the City staff recommends the Re-Zoning Application be initiated in the name of the City.

WHEREAS, the Mayor and City Council deem it appropriate to make a Re-Zoning Application as to the Property naming the City as the applicant.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sandy Springs, Georgia, while in regular session on September 20, 2016, at 6:00 p.m. as follows:

1. The Council hereby authorizes the Sandy Springs Department of Community Development to prepare a Re-Zoning Application as to the Property, said Application to name the City as the applicant.
2. The Mayor is specifically authorized to execute any documents necessary to further the filing of any Re-Zoning Application related to the same.

DRAINAGE

"The owner of record, on behalf of himself (itself) and all successors in interest, specifically releases Fulton County from any and all liability and responsibility for flooding or erosion from storm drains or from flooding from high water of natural creeks, rivers or drainage features. A drainage easement is hereby established for the sole purpose of providing for the emergency protection of the free-flow of surface waters along all watercourses as established by these Regulations and the Director of the Department of Public Works. The Director of the Department of Public Works may conduct emergency maintenance operations within this easement where emergency conditions exist. Emergency maintenance shall be the removal of trees and other debris, excavation, filling and the like, necessary to remedy a condition, which in the judgement of the Director of Public Works, is potentially injurious to life, property or the public road or utility system. Such emergency maintenance, conducted for a common good shall not be construed constituting a continuing maintenance obligation on the part of Fulton County, nor an abrogation of Fulton County's right to seek reimbursement for expenses from the owner or the properties or the lands that generated the conditions."
