

**A RESOLUTION APPOINTING MEMBERS TO THE
SANDY SPRINGS STORMWATER ADVISORY TEAM**

WHEREAS, in order to protect the health, safety and welfare of the public, the government of the City of Sandy Springs wishes to investigate the establishment of a Stormwater Utility Enterprise Fund to provide stormwater management services; and

WHEREAS, improper management of stormwater runoff may cause erosion of lands, threaten businesses and residences, and other facilities with water damage and may environmentally impair the rivers, streams and other bodies of water within the City of Sandy Springs; and

WHEREAS, the City of Sandy Springs currently operates a system for the collection, conveyance, storage, treatment and disposal of certain stormwater which provides services to properties within the City and surrounding areas; and

WHEREAS, the future usefulness and operational function of the existing stormwater management systems within the city and facilities owned and operated by the City, and the additions and improvements thereto, rests on the ability of the City to effectively manage, protect, control, regulate, use, and enhance said stormwater systems and facilities within the City in concert with the management of other water resources within the City and in order to do so, the City must have both a comprehensive stormwater management program as well as an adequate and stable funding source for its comprehensive program operation and drainage-related capital improvement needs; and

WHEREAS, the City of Sandy Springs wishes educate the residents and business of Sandy Springs about our Stormwater Management Program requirements and its funding needs and to receive input from City residents and business about their desires for the Stormwater Management Program;

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNCIL OF THE CITY OF SANDY SPRINGS, GEORGIA, AND IT IS RESOLVED BY THE AUTHORITY OF SAID CITY COUNCIL.
